Elevating spaces, uplifting surface experience!

Reshaping spaces by constantly enhancing surroundings with new possibilities. Sunhearrt promises the amalgamation of innovation and style, crafting high-end ceramic excellence. It is about taking space to a higher level, making it more appealing and adaptive.

Our focus lies in transcending the ordinary, where every tile, every design, echoes the essence of sophistication and durability. Sunhearrt stands as a beacon for those seeking not just elegance but an enduring legacy woven into the very fabric of their spaces.

Tiles

Flooring the extensions of your dream space, tiles from Sunhearrt are a great addition to every ambience. With their simplistic elegance and finesse, our tiles introduce modernity and grandeur by manufacturing the best alternatives and replacements to natural surfaces. This collection, thence, is the perfect choice for 'architecting' the spectacular!

Collection Introduction

The Axi Marble 120x180cm is another size and collection addition to the highly successful Axi Marble collection by Sunhearrt. Ideal for those seeking timeless elegance, the Axi Marble 120x180cm brings a fresh yet sophisticated look to any space.

The Axi Marble 120x180cm is a remarkable new addition to the already popular Axi Marble collection by Sunhearrt, designed to offer an even more expansive and versatile option for interior design. With its enhanced size, this marble slab brings a sense of grandeur and sophistication to any space. The Axi Marble is known for its luxurious finish, rich textures, and stunning veining that seamlessly blend into modern and classic interiors. Whether used in kitchens, bathrooms, or as statement pieces for living areas, the 120x180cm size allows for a broader, more dramatic application, ensuring it becomes the centerpiece of any design.

Introducing XTech Technology - Innovations For Future.

XTech
TECHNOLOGY

XTech technology paves the way for a more sustainable future, ensuring that every tile meets high-quality standards and contributes to the well-being of nature and people. By minimizing waste, reducing water consumption, and eliminating harmful chemical emissions, XTech helps protect the environment.

In today's age, when the environment needs to be looked after, we make innovation sustainable. Our tiles are manufactured using XTech technology, which prioritizes health and sustainability. XTech technology is an innovation that will help create tiles that are respectful to the environment.

Using this innovative technology, we ensure that the raw material waste is minimal, the tiles are recyclable, they do not emit harmful chemicals, and there is a decrease in water waste. XTech technology leads to our well-being through the well-being of nature.

Format

The collection introduces the magnificent 120x180cm size, offering a perfect balance of scale and versatility. With a host of impressive features, including robust 9mm thickness, flawless finishes, and the ability to adapt to various shapes, this size opens up endless possibilities for creative design. The slabs in any setting deliver unparalleled results, making them the ultimate choice.

1

Large Format Flexibility

The 120x180cm size offers the ideal balance of usability and scale, perfect for different spaces. The generous format reduces seams, creating a seamless and cohesive look.

2

Versatile Thickness

Available in a versatile thickness of 9mm, delivering both technical strength and aesthetic appeal for every installation while meeting specific design needs.

3

Color Perfection

Through precise quality control, our 120x180cm slabs maintain color consistency from production to installation, ensuring a uniform, harmonious appearance.

4

Endless Design and Color Possibilities

The diverse color palette of the 120x180cm slabs provides countless design options, allowing for both cohesive and distinctive designs.

5

Adaptation to Complex Geometric Shapes

Designed to fit various settings, these slabs offer the flexibility to cover intricate designs. Their adaptability makes them perfect for unique projects.

6

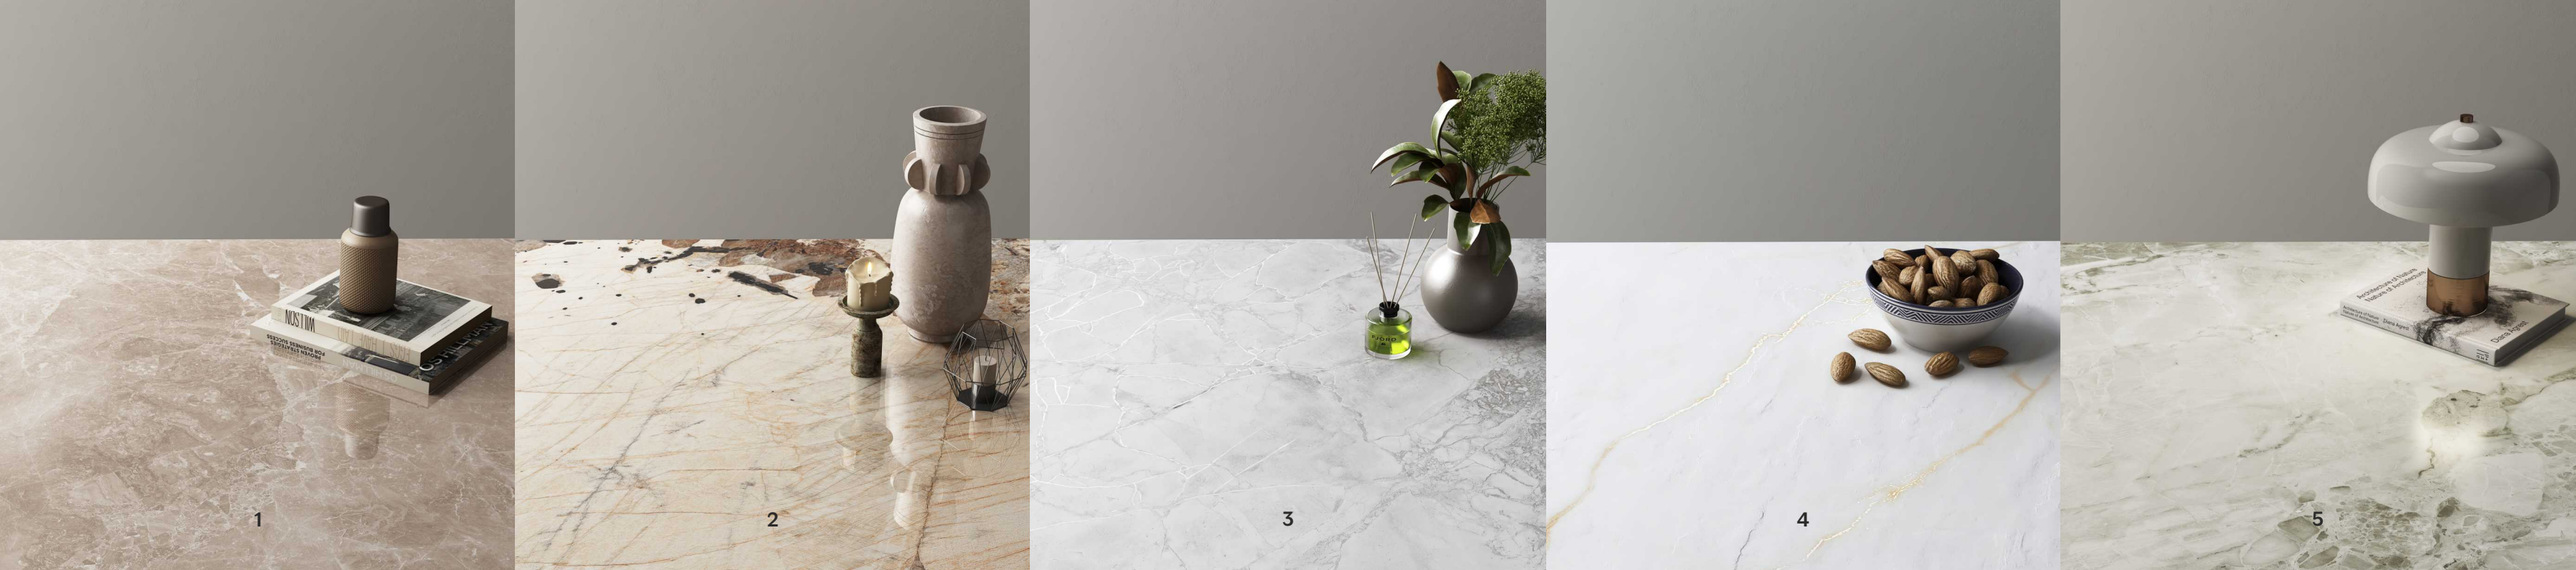

Flat Surfaces, Visual Continuity

With exceptional flatness and minimal gaps, our slabs ensure smooth, seamless surfaces that enhance the visual continuity of any space.

Finishes

The collection offers six exceptional finishes, each designed to elevate your space with its unique texture and appearance. Whether you desire a high-shine, luxurious surface or a more subtle, tactile finish, these options provide the perfect solution for every design vision, ensuring beauty and durability in every application.

1 Glossy

The Glossy finish offers a high-shine, reflective surface that enhances the natural veins and patterns of the marble. Its smooth and polished appearance brings a touch of luxury and sophistication to any space.

2 High Gloss

The High Gloss finish delivers an ultra-reflective, mirror-like surface that enhances the marble's natural beauty and intricate veining. Its polished shine creates a striking, luxurious effect, perfect for spaces where a bold, sophisticated look is desired.

3 Matt Carving

The Matt Carving finish brings a soft, understated elegance. Its texture is enhanced with carefully carved details that create a sense of depth and character. This finish is perfect for those seeking a more subtle yet unique design.

4 Dune

The Dune finish features a textured surface inspired by the natural undulations of desert sands. This finish's organic feel adds a sense of serenity and nature to any space.

5 Ultra Soft

The Ultra Soft finish provides an incredibly smooth, almost velvet-like texture that invites touch. This finish creates a luxurious feel underfoot or to the touch, adding a refined and soft elegance to any space.
