

BEAUTY OF STONE

GLAZED VITRIFIED TILES
60X120 CM

INDIA'S NO.1

PREMIUM SURFACE COMPANY

Glazed Porcelain tiles, headquartered in Morbi, India. Our commitment revolves around upholding integrity and excellence within our quality control and customer service systems. We stand out as a rapidly expanding enterprise, fueled by a team of youthful and dynamic employees, operating within a vibrant organizational structure.

Our driving force is innovation and cutting-edge technology, resulting in a global presence that provides clients with top-notch products and outstanding customer care. Leverage the latest Italian technology and employ high-tech automated machinery that complies with international standards. With our dedicated and skilled workforce tirelessly pursuing our most challenging objectives, we can ensure that both our products and client relationships consistently maintain high quality and long-lasting durability.

Stonex Collection

Explore the Stonex Collection, designed to offer exceptional performance and style for both indoor and outdoor environments. These tiles are built to endure heavy use while maintaining a sophisticated look. The collection features a sleek matt finish, enhancing any setting with its understated elegance. With a generous size of 600x1200mm, Stonex tiles provide a seamless and spacious appearance that complements a variety of design themes.

Whether for commercial or residential projects, Stonex tiles deliver reliable durability and aesthetic appeal. The robust construction ensures that these tiles can handle the demands of high-traffic areas while withstanding the challenges of outdoor conditions. Ideal for airports, offices, shopping centers, and more, the Stonex Collection offers a versatile and refined solution for enhancing any space.

Matt Surface

The matt surface of Stonex tiles adds a subtle elegance to any setting. This finish minimizes glare and reflections, creating a sophisticated and calming effect. Additionally, the matt texture makes the tiles easy to clean and maintain, ensuring they retain their beauty and functionality over time. The non-reflective quality also helps to create a more uniform look across larger surfaces.

STRENGTH IN EVERY PATTERN

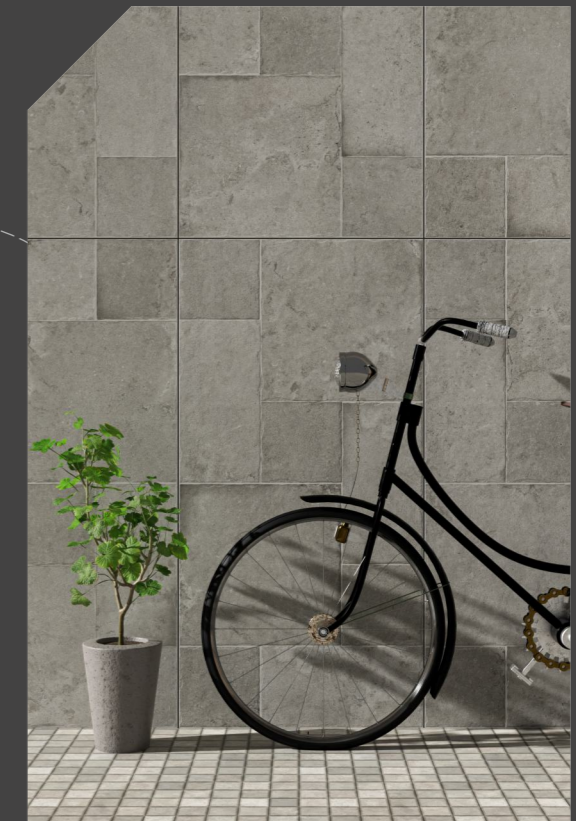

In Door

Stonex tiles are perfect for indoor settings, offering durability and elegance for high-traffic areas like lobbies and retail spaces. Their matt finish and strong construction ensure both style and resilience.

Out Door

For outdoor spaces, Stonex 11 mm heavy-duty tiles offer durability and style. Built to endure environmental conditions, they're perfect for high-traffic areas, combining strength with an elegant finish to keep your outdoor areas attractive and functional.
